PROJECT #01

The Backyard Build Theme for Beamer

[Your Name]
[Affiliation]
October 25, 2026

Big summer builds, one slide at a time

Agenda

01 Getting started

02 Build features

03 Text and maths

04 Blocks and overlays

05 Tables and figures

06 Closing

PHASE 01

Getting started

Using the theme

Load the theme and set your metadata in the preamble:

preamble.tex

```
\documentclass[aspectratio=169]{beamer}
\usetheme{BackyardBuild}
\title{...}  \author{...}  \institute{...}  \date{\today}
\projectlabel{PROJECT \#01}   % sticker on the title slide
```

Start the document with `\titleframe` and compile with **XeLaTeX** twice.

Options at a glance

Flags

Pass as `\usetheme[...]{BackyardBuild}`:

`nosectionpages`, `nocredit`

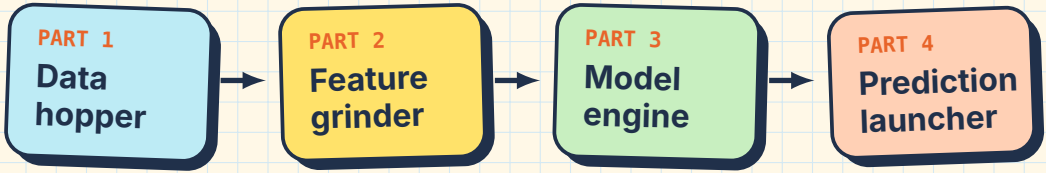

Special frames

`\titleframe` opens the talk.
`\thanksframe{..}{..}` closes it.
Section slides appear for every `\section`.

PHASE 02

Build features

The build plan

Use `\buildpart` cards and `\buildarrow` to draw any pipeline as a goofy contraption.

Parts list: Python, NumPy, scikit-learn

Mission files

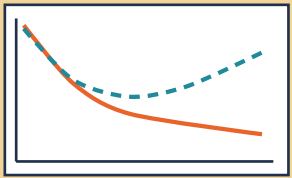

MISSION FILE

TOP SECRET

Stop overfitting before the exam

A model aces its training data and fails everything new. Gadgets for today:

- ☐ Hold out a validation set
- ☐ Add regularisation
- ☐ Stop training early

SUSPECT: the dashed curve

PHASE 03

Text and maths

Lists

- Items use the theme’s bullet
  - Sub-items get a smaller marker
- Alerted text uses the alert colour
- Keep bullets short

1. Enumerate is styled too
2. One idea per slide
3. Let the figure talk

Mathematics

Trapezoidal rule

$$\int_a^b f(x)\,dx \;\approx\; \frac{h}{2}\Big[f(x_0) + 2\sum_{i=1}^{n-1} f(x_i) + f(x_n)\Big]$$

Note

Maths keeps Computer Modern, which pairs well with the text fonts.

PHASE 04

Blocks and overlays

Blocks

block

Beamer’s own block, restyled.

alertblock

For warnings and pitfalls.

exampleblock

For examples and tips.

Overlays work as usual

- First this

Overlays work as usual

- First this
- Then this

Overlays work as usual

- First this
- Then this
- And finally this

PHASE 05

Tables and figures

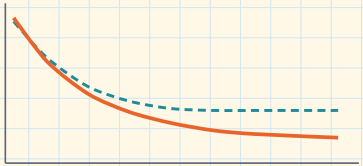

A table

config	time (s)	memory (MB)	speed-up
small	31.3	457	2.8
medium	52.6	946	2.8
large	118.4	2505	3.6

Sample numbers for illustration.

A figure next to text

- Left column carries the story
- Right column holds the figure
- Use `onlytextwidth` to stay inside the margins

Sample curves: train and validation loss

PHASE 06

Closing

Summary

1. Sunny palette with ink outlines, orange, teal and yellow
2. Sky-and-fence title slide with a sticker and a sticky note
3. Sketchbook-grid slides with marker-underlined titles
4. `\buildpart`, `\buildarrow`, `\sticky`, `missionfile`, `\todo`
5. `\titleframe` and a sunset `\thanksframe`
