

$ git show v1.0

commit a23b068 (HEAD → main, tag: v1.0)

The Commit Theme for Beamer

Every slide is a commit

Author: [Your Name] · [Affiliation]
Date: October 25, 2026

#talk #beamer #ml

On branch main · nothing to commit, working tree clean

Commit theme by Priyansh Saxena · hi@priyanshsaxena.com

Agenda

23b068 Getting started

246cf7 Git features

252986 Text and maths

25e615 Blocks and overlays

26a2a4 Tables and figures

275f33 Closing

```
$ git checkout -b section-01
```

Getting started

```
Switched to a new branch 'section-01'
```

Using the theme

Load the theme and set your metadata in the preamble:

preamble.tex

```
\documentclass[aspectratio=169]{beamer}
\usetheme{Commit}
\title{...}  \author{...}  \institute{...}  \date{\today}
\committags{talk,beamer,ml}   % pills on the title slide
```

Start the document with `\titleframe` and compile with **XeLaTeX** twice.

Options at a glance

Flags

Pass as `\usetheme[...]{Commit}`:

`nosectionpages`, `nocredit`

Special frames

`\titleframe` opens the talk.
`\thanksframe{..}{..}` closes it.
Section slides appear for every `\section`.

```
$ git checkout -b section-02
```

Git features

```
Switched to a new branch 'section-02'
```

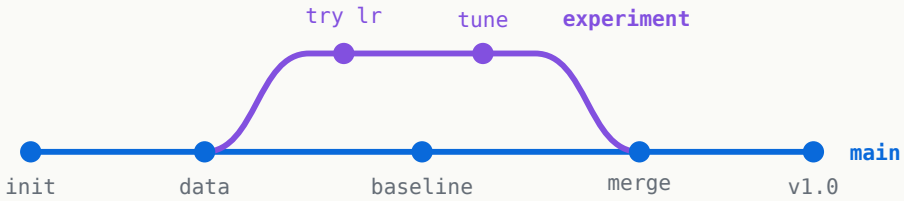

History as an agenda

+ Bullets read like added lines
+ Frame titles carry a commit hash
+ The log doubles as an agenda

```
$ git log --oneline
```

```
● a3f9c21 motivation
● 7c1e4b2 method
◉ 3e7b9d0 results ← HEAD
◌   discussion
◌   next steps
```

Branch and merge diagrams

Use the `commit` and `lane` TikZ styles for your own graphs.

```
$ git checkout -b section-03
```

Text and maths

```
Switched to a new branch 'section-03'
```

Lists

+ Items use the theme's bullet
  - Sub-items get a smaller marker
+ Alerted text uses the alert colour
+ Keep bullets short

[1] Enumerate is styled too
[2] One idea per slide
[3] Let the figure talk

Mathematics

Trapezoidal rule

$$\int_a^b f(x)\,dx \;\approx\; \frac{h}{2}\Big[f(x_0) + 2\sum_{i=1}^{n-1} f(x_i) + f(x_n)\Big]$$

Note

Maths keeps Computer Modern, which pairs well with the text fonts.

```
$ git checkout -b section-04
```

Blocks and overlays

```
Switched to a new branch 'section-04'
```

Blocks

block

Beamer’s own block, restyled.

alertblock

For warnings and pitfalls.

exampleblock

For examples and tips.

Overlays work as usual

+ First this

Overlays work as usual

+ First this
+ Then this

Overlays work as usual

+ First this
+ Then this
+ And finally this

```
$ git checkout -b section-05
```

Tables and figures

```
Switched to a new branch 'section-05'
```

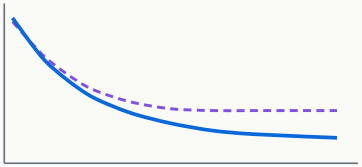

A table

config	time (s)	memory (MB)	speed-up
small	31.3	457	2.8
medium	52.6	946	2.8
large	118.4	2505	3.6

Sample numbers for illustration.

A figure next to text

- Left column carries the story
- Right column holds the figure
- Use `onlytextwidth` to stay inside the margins

Sample curves: train and validation loss

```
$ git checkout -b section-06
```

Closing

```
Switched to a new branch 'section-06'
```

Summary

[1] Paper-white palette with blue, purple and green branch colours
[2] Commit hashes in frame titles, + bullets, branch section slides
[3] `gitlog` box with `\logentry` for agendas
[4] `commit` and `lane` TikZ styles for branch diagrams
[5] `\titleframe` and `\thanksframe`

$ git push origin main
